

PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., THURSDAY, JUNE 10, 1897.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers,

excursions, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however,

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months. The bill is \$10. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "I'll tell you when to take it out" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

A number of ladies and a gentleman of the M. E. Church went out last evening to have a spread at the home of Mr. and Mrs. John Brodt. Each one took a luncheon and brought back lively recollections of a good time.

The alarm just before 11 o'clock last night was caused by the falling of an electric-gas coal oil lamp in the fruitstore of Mr. Martin Emral, 17 West Second. The only damage was to the atmosphere by the lusty yells of "Fire" and the clanging of the bells. As always the case—the less fire the most noise.

The Harris Show arrived this morning on its own special train and pitched its tents at the Ball Park, where exhibitions will be given this afternoon and evening. A very creditable parade was given this morning, and indications point to an immense crowd in attendance. In the advance notices of the show, through a typographical error, the price was advertised at 20 cents instead of 25 cents, which has been the admission fee since the organization of the show.

Here's the way the youngsters report to the newspapers their ball games. One side handed in the following: The West End Reds defeated the Yellow Kids yesterday afternoon by a score of 14 to 6.

Batteries—Dinger and Slack; Fansler and Miller. Then came the report of the other side, as follows: The Yellow Kids defeated the West End Ragmuffins yesterday afternoon by a score of 9 to 0.

Batteries—Watkins, Fansler and Willett; Dinger and Slack. Would like to hear from the Aberdeens. "You pays your money and takes your choice."

KNOCKED SILLY!

An Evidence of the Finest of Fine Hair-Splitting in the Law.

Some time ago Mr. Guilfoyle, Mr. Brown and Mr. Greenlee, all engaged in the saloon business, were fined in the Police Court for alleged violation of city ordinances.

There were five cases against Mr. Guilfoyle, three against Brown and one against Greenlee.

In each case an appeal was taken to the Circuit Court, and yesterday the whole shooting match was knocked galley west and crooked.

Under a decision rendered some years ago by some Judge in the now defunct Superior Court, it was declared that the charges made in the Lower Court were defective because it was merely stated that the offenses were committed in the city of Maysville, whereas the statement should have been that they were committed in the "city of Maysville, Mason county, Ky."

You see there are no less than eleven Maysvilles in the United States, and it might be that the alleged wrong-doing was consummated in another Maysville. Lordy! What a lot of fol-de-rol there is in the law, to be sure!

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.

AT BOWLING GREEN.

Kentucky State Teachers' Association to Meet There This Month.

The annual meeting of the Kentucky State Teachers' Association will meet at Bowling Green Tuesday, Wednesday and Thursday, June 29th, 30th and July 1st.

Committees of the meeting have been made up, Superintendent George W. Blatterman of this city being placed on the "Committee of Fifteen."

An instructive and interesting program has been arranged by the Secretary, and the following notes prepared for all who contemplate attending the meeting:

The rates on all the railroads in the state will be one fare for round trip, with extension privilege to allow a visit to Mammoth Cave and Nashville.

Everybody who attends is urged to have a quotation ready in the Prize Contest for the International Dictionary. It is open to all, the only condition being that the quotation must have an educational value.

A handsome silk banner will be awarded to the county whose delegation shows the largest amount of railroad fare paid by those who enroll as members of the K. E. A.

The headquarters of the Association will be in the Morehead House.

Those wishing to stop at hotels should address the proprietor direct in order to secure rooms in advance of the meeting. Those wishing to stop at private houses should write to H. H. Cherry, Chairman of Committee on Entertainment, Bowling Green.

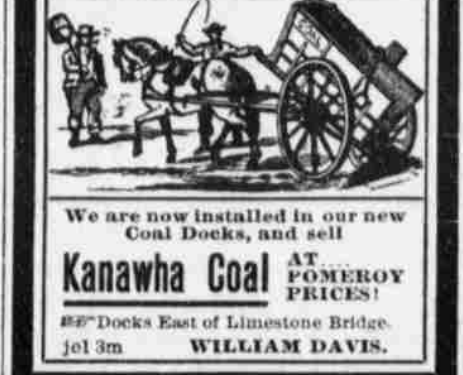

The Association will be held in Potter's Opera-house.

Beware of Ointments For Catarrh That Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
